Tips on Saving Gas

- **Contact RideFinders.** For information about car or van pooling in the metro Richmond area, visit www.ridefinders.com.
- **Walk, bike, take a bus, or carpool when possible.** Use your car only when necessary. Public transportation authorities often have carpooling information as well as transit services. If you own more than one vehicle, drive the one that gets the best gas mileage whenever possible.
- **Combine errands into one trip.** Consolidate trips to destinations that are near one another. Once you arrive, park and walk between destinations. Save errands for one afternoon and plan your trip so you don't retrace your route. You not only save gas this way, but reduce wear-and tear on your car.
- **Drive your car wisely and maintain it properly.** The way you drive and take care of your car can make a big difference in your gas mileage.
